Profile

Junior Full Stack Developer with a strong foundation in modern web technologies and a passion for continuous learning. Skilled in developing responsive, efficient, and user centered applications using HTML, CSS, JavaScript, React, Node.js, and PHP. Dedicated to writing clean, maintainable code and following best development practices. Highly motivated to grow in a professional environment, contribute to real-world projects, and deepen expertise in cybersecurity and full stack development.

Education

MATHEMATICS BACCALAUREATE

Belkbire Abdelkader High School

- Completed secondary education with a focus on mathematics, developing strong analytical and problem-solving skills.

ATTENDED: TWO YEARS OF CIVIL ENGINEERING PROGRAM

Morsli Abdekkah University

- Completed two years of civil engineering studies before transitioning to the tech field. Acquired foundational skills in technical reasoning, project planning, and logical problem solving, supporting a strong technical mindset for web development.

ADVANCED TECHNICIAN DIPLOMA IN WEB AND MOBILE DEVELOPMENT

National Institute of Specialized Vocational Training

- Specialized in full stack web and mobile development with hands on experience in **HTML, CSS, JavaScript, React, Node.js, and PHP**. Completed projects emphasizing responsive design, clean code, and user-centered applications.

Professional Experience

Freelance Web & Mobile Developer

Self-employed — Algeria

- Developed responsive websites and mobile applications for clients, using **HTML, CSS, JavaScript, React, Node.js, and PHP**.
- Created and maintained online stores and business websites, ensuring user-friendly design, functionality, and performance.
- Collaborated with clients to understand requirements, deliver projects on time, and implement iterative improvements.

Freelance Graphic Designer & 3D Modeling Artist

Self-employed — Algeria

- Designed logos, banners, and visual content for web and print, meeting client branding requirements.
- Created 3D models and renders using **Blender** for various projects, including product visualization and creative presentations.

Piano Instructor

Self-employed / Private Lessons

- Taught piano to students of different ages and skill levels, developing individualized lesson plans and tracking student progress.
- Enhanced communication and mentoring skills, fostering patience, creativity, and adaptability.
